Open Back System

Part Number:

Create an Island Gondola without Backs using the Open Back System.

Product Details:

- Open Back Spanner replaces the Backs and Rails of a typical Island Gondola, and fits flush with the top of the Base Deck in both 06 and Low Base
- Shelf Fillers fill the gap between two Shelves mounted across from each other
- Shelf Fillers cannot be used with Shelves in the top Upright slot

How to Order

COMPONENTS (ORDERED SEPARATELY)

A. Open Back Spanner (one required per section)

B. Open Back Inside Upright End Trim (two required per section)

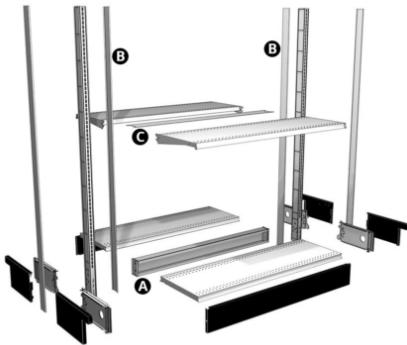

C. Open Back Shelf Fillers (one required per shelf level)

ORDERING INSTRUCTIONS

- Order Island Section components without

Hardboard Backs or Rails
