Flex Rx Storage System

Part Number:

Flex Rx features an open back system for better visibility. Shelves install in two positions - flat or 17° downslant - and have a full lip for repositioning shelves with merchandise. Uprite has 1" slot spacing for flexible reconfigurations.

Product Details:

- 1" slot spacing
- Shelves install in two positions: flat and 17° downslant
- Shelf features an upturned lip on all sides for easy repositioning of Shelves with merchandise
- Has open back system for better visibility

SIZE INFORMATION

- Shelf depth: 7 1/4"
- Height: 84"
- Overall length without End Frame equals sum of section widths plus 1" to account for Uprite width
- Add 8 1/2" for each End Frame with Shelves
- Add 3/4" for each wood End Panel
- Overall depth: Wall section: 8 1/2" Island section: 15"

How to Order

COMPONENTS (ORDER SEPARATELY):

- A** - Flex Rx Storage System Upright (island sections require T-Uprights: 1 per section + 1 at end)
- B** - Flex Rx Storage System Overhead Brace (island sections require 1 every other upright)
- C** - Flex Rx Storage System Stretcher (2 required per section)
- D** - Flex RX Storage System Base Shelf (optional)
- E** - Flex Rx Storage System Wall Mount Clip (wall sections require 2 per section)
- F** - Flex Rx Storage System Upright (wall sections require L-Uprights: 1 per section + 1 at end)

Flex Rx Storage System Upright

- Order T-Uprites for island sections and L-Uprites for wall sections
- 1" x 2" tubing
- T-Uprite leg depth: 15"
- L-Uprite leg depth: 8 1/2"
- Slotted on 1" centers
- Leveling legs included
- Accepts only Flex Rx brackets
- If floor anchors are needed, use Uprite Anchor Plate (DC1241) or Base Bracket Anchor Plate (DC1242)

Product Options and Numbers
